Our Colours

Similar to our logo, our colours are important to our brand identity as it creates our familiar & distinguishable look that is recognised by our customers, suppliers and team.

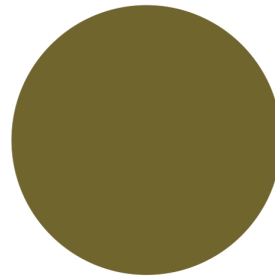

Each colour represents a different aspect within our business and values.

Forest Green

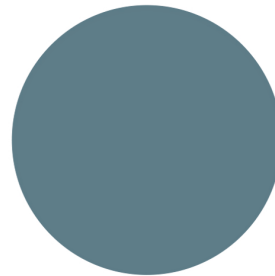

Green, the color of life, renewal, nature, and energy, is associated with meanings of growth and the environment we live in. As we step into the new generation of Newcastle Embroidery, the greens within the business represent new beginnings in which sustainability is at its forefront.

Bark Brown

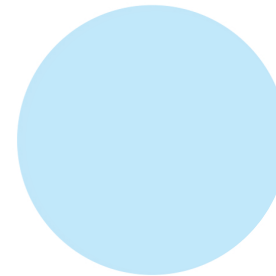

Bark brown indicates a sense of strength and solidity; much like the earth we stand on. From the soil in our gardens to the bark we see in our forests, the color brown is associated with resilience, security and stability.

Ocean Blue

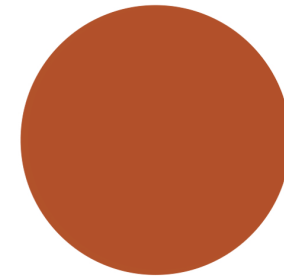

With Newcastle's Beaches just on our doorstep, our calming Ocean Blue represents our efforts in preserving the waterways of our coastline. Ocean Blue also represents our loyalty and strong connection with our customers.

Sky Blue

Stretching from the sea to the sky, our blue encompasses the beauty within all things natural. Sky Blue is symbolic of depth of knowledge within our expertise.

Steel Rust

A nod to Newcastle's industrial history, Newcastle Rust compliments the Forest Green and Sky Blue. It conveys a warmth throughout the brand.

Our Services

We offer a wide range of services where reducing our Eco Footprint is at the core of our processes whilst offering the best customer service in everything we do.

**DOING IT
DIFFERENTLY**

Earth-Conscious It's our Focus

We source our energy from the Earth.

Sustainable Packaging

Prior to your garments reaching you we have already recycled the soft plastic they arrived in. We have taken the responsibility to recycle it & not chance that it could end up where it shouldn't.

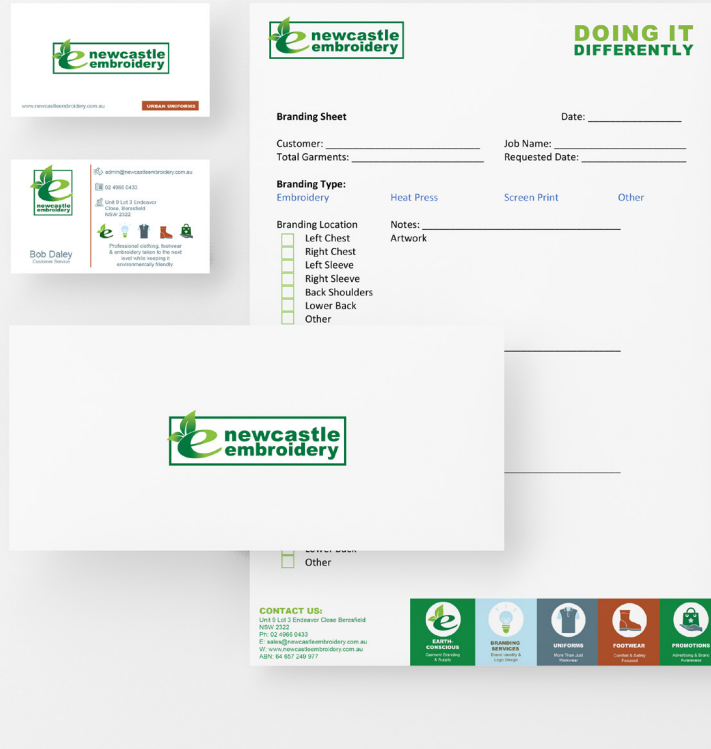

Supporting Local

We support our local bush regeneration community groups and we look forward to growing our support with them.

Reinvest to Recycle

Reinvest our profits into sustainable energy projects.

**DOING IT
DIFFERENTLY**

Branding Services

Working with you to improve your brand awareness

Uniforms More Than Just Workwear

Want to create an exceptional uniform, that grows your brand & gives everyone a sense of belonging to a team?

We are here to help...

**DOING IT
DIFFERENTLY**

Footwear Offering

A wide range of footwear to ensure your team are safe & comfortable.

Promotional Material

If it's to grow your brand or a thank you to your customers or team we have you covered.

Put us to the test...

**DOING IT
DIFFERENTLY**

Ordering & Delivers

Orders can be placed via

Web

Email

Digital Re-Order
Forms

Web

We are able to provide customise ordering to streamline your order process.

Our Recycling Programme Goal

Generally our old uniforms end up in land fill –

WHY?

What if we offered a free collection service where we place recycle bins at your location, collect them, & have your old garments recycled...

Wouldn't that be a better solution for Mother Earth???

Interested in taking part lets chat..
